

Letter received re Thelma Given, Violinist,
Tucson, Arizona, January 30, 1933.

"Dear Miss Little:

I cannot refrain from telling you what a great artist Thelma Given is. She played at our Temple of Music, Friday evening, January 27th. Her concert was a grand success. She is as fine as any artist I have heard, with thorough understanding of her instrument-- a deep knowledge of her art -- a tone that is glorious -- both in her fortissimos and pianissimos always up to tempo. She is a gorgeous figure on the stage -- well gowned and a million dollar personality. What more can I say? She has programs to offer comparable with Heifetz, Elman, Spaulding, and the like. You will never regret booking Thelma Given, as she is quite the outstanding woman violinist in our country."
