FORM B - BUILDING

--	--	--	--

ARCHITECTURAL DESCRIPTION

☐ see continuation sheet

Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.

2 Baker Avenue is a 1 1/2-story, 3-bay cottage with a 2-story rear addition. The main building block faces south; the side gable roof has a large shed dormer, creating second-story space. A flat hood over the main entry has pendant end brackets. The 2-story rear ell has a gable roof with gabled wall dormers on the east façade. Windows in the ell are 2/1 replacement DHS; grouped 4-light casements at first story in gable end. Due to the building's orientation and surrounding structures, no additional details about the building were visible from the street.

HISTORICAL NARRATIVE

☐ see continuation sheet

Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.

BIBLIOGRAPHY and/or REFERENCES

☐ see continuation sheet

☐ Recommended for listing in the National Register of Historic Places. *If checked, you must attach a completed National Register Criteria Statement form.*
