## FORM B - BUILDING

--	--	--	--

### ARCHITECTURAL DESCRIPTION

see continuation sheet

*Describe architectural features. Evaluate the characteristics of this building in terms of other buildings in the community.*

This building is a 1-story, roughly L-shaped cottage with a 1-story gabled extension facing west toward Arch Street. The roof is cross gable, clad in asphalt shingles, with partial returns; skylight on west roof slope. The main entry contains a pane and panel wood door with wood storm and Greek Revival surround with fluted pilasters. Fenestration includes 1/1 DHS and an octagonal window in the west gable end of the main block. Shutters are inoperable. Due to the building's setback from the street, the view to much of the building is obscured by surrounding structures.

### HISTORICAL NARRATIVE

see continuation sheet

*Discuss the history of the building. Explain its associations with local (or state) history. Include uses of the building, and the role(s) the owners/occupants played within the community.*

### BIBLIOGRAPHY and/or REFERENCES

see continuation sheet

Recommended for listing in the National Register of Historic Places. *If checked, you must attach a completed National Register Criteria Statement form.*
