Mr. James V. Coyne, Jr.
Provincetown, Mass.

Dear Mr. Coyne:

I shall be very happy to serve as one of a committee for the establishment of what I understand to be a marine or nautical museum for the entire county.

Provincetown, being the most historical town on the cape, and having the best harbor on the cape, and one to which all yachts lay their course, is naturally the site for such an enterprise.

If I happen to be at home, you may call upon me at any time for what little I may be able to do.

Sincerely yours,

Donald B. Macmillan
